## Missouri Association of Registered Architects

### OFFICERS

#### PRESIDENT

JOHN M. HEWITT

#### VICE-PRESIDENT

DAVID W. PEARCE

#### SECRETARY

DAVID M. BREY

#### TREASURER

GENE ENGLEHART

### DIRECTORS

#### ROLAND BOCKHORST

DAVE P. CLARK

#### FRED E. DORMEYER

LINNELL B. ELAM

#### FRANK B. GRIMALDI

EDWARD J. THIAS

#### MAXWELL T. SANDFORD

RICHARD P. STAHL

### COUNSEL

SENATOR A.L. MCCAWLEY

### EXECUTIVE DIRECTOR

PAUL N. DOLL, P.E.

Investigations are in progress as to the feasibility of having a certificate of membership for each member of the MARA. The Executive Secretary is preparing a suitable design and this will be given further consideration.

I wish to especially commend Maxwell Sandford on his vigorous action for planning a very interesting Architects Day Program. I wish also to commend John Sweeney for his continued interest in organizational matters and particularly for his interest in the publication of the "Missouri Architect".

### PRESIDENT'S LETTER

The year of 1960-1961 has brought about considerable increased activity for the Missouri Association of Registered Architects. We have had a very vigorous Board of Directors who have accomplished many improvements to our program.

The biggest single improvement has been the employment of Mr. Paul N. Doll as our Executive Secretary and establishing his office as the official address of the Missouri Association of Registered Architects at 210 Monroe Street, Jefferson City, Missouri. Mr. Doll is also the Executive Director of the Missouri Society of Professional Engineers and is thoroughly familiar with professional activities and legislation in the State of Missouri. His good offices have greatly facilitated our legislative activities and have assured timely handling of the administrative matters so important to our association. The presence of Mr. Doll as our Executive Secretary will give continuity to our activities which could not otherwise be achieved.

The establishment of an Executive Secretary makes necessary a review of our financial situation. Accordingly a "Dues Committee" with Linnell B. Elam as Chairman has made a complete study of our dues structure and will present recommendations at the annual meeting.

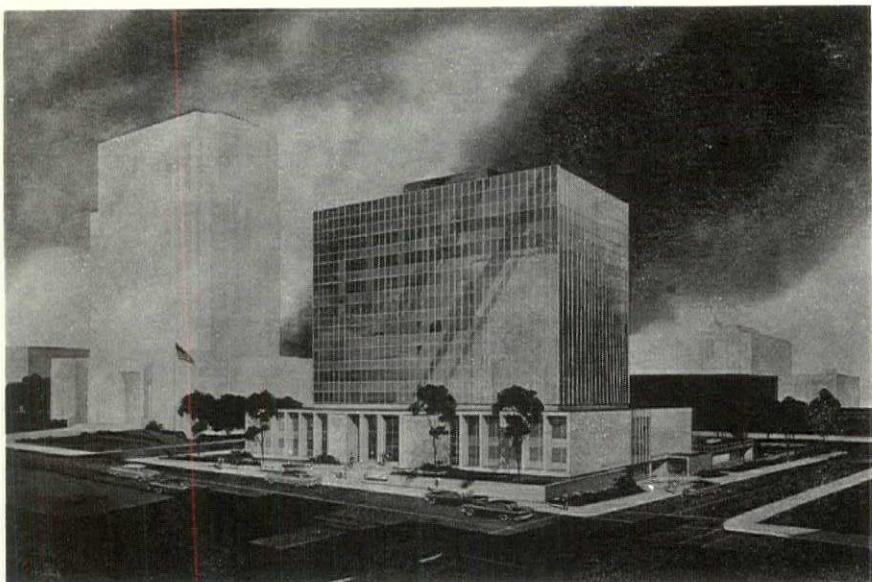

A committee under the Chairmanship of John D. Sweeney has had several meetings with the Missouri Inter-Professional Council in which certain recommendations have been devised for desired alterations to the Missouri Registration Law. These recommendations have been drafted by our counsel, Senator A.L. McCawley, and will be presented to the legislature.

A "Membership Committee" under the Chairmanship of John Sweeney has considered the possibility of establishing a degree of membership in the Association of architectural employees. No action has been taken on this and it is still under consideration.

In an effort to enhance the public relations activities of the Association, an exhibit will be sponsored at the Missouri State Fair. A program for this exhibit will be sent to all members in the near future.

During the year the Ethics and Practice Committee with Rex Becker as Chairman considered and disposed of several allegations of malpractice. As an adjunct to our regular publication of the "Missouri Architect" the practice of publishing a newsletter to get timely information to all members has been established.

John M. Hewitt, President

## **EDITOR'S NOTES**

### **Directory**

This issue of the magazine is the Directory Edition. Please retain your copy for future reference.

As a matter of information, constant requests are being made by advertisers, sales representatives, etc. for copies of the directory. This indicates that the magazine is a useful instrument not only for the association members but also for other allied areas.

The office staff has checked and double checked all names and addresses. However, we realize that there will be a few errors. Hence, we ask our members to check their names and addresses in the Directory and advise our state office of any correction to be made.

### **St. Louis Train Reservations**

To assist those who are thinking about traveling to Kansas City for Architects Day on April 28 and 29, John Sweeney is again leading a group of Architects and Producers' Council people via the Missouri Pacific railroad. Because of this, train fare will be reduced from the regular amount. Departure will be on Friday, April 28 in the morning with arrival in Kansas City that afternoon. A private car has been reserved with access to the club car and the necessary refreshments. Persons desiring to join this party should contact the following:

John Sweeney  
3163 S. Grand  
St. Louis 18, Missouri  
PR. 1-7010

David Pearce  
721 Olive  
St. Louis 1, Missouri  
CH. 1-4366

**SEE YOU**

## DIRECTORY EDITION

The MISSOURI ARCHITECT is pleased to present this Directory Edition. The following pages show an alphabetical listing of the 563 members of this association, as of March 10, 1961.

Each member listed is registered as an architect by the Missouri State Board of Registration for Architects and Professional Engineers. Each has paid his 1961 membership dues except that 48 members listed are seventy-five years of age or more for whom 1961 dues were waived by unanimous action of the board of directors.

It has been ruled by the board of directors that each year hereafter, the April issue of the MISSOURI ARCHITECT shall be the directory edition of this Association.

MISSOURI ASSOCIATION OF REGISTERED ARCHITECTS

## JUDGE BERNARD TOMSON

Judge Bernard Tomson, a native of New York City, was a member for 25 years in the law firm of Bernstein, Weiss, Tomson, Hammer and Parter. He is a member of the New York (since 1934), Massachusetts and Federal Bars. He has been admitted to practice before the United States Supreme Court since 1947.

He is the author of "Architectural and Engineering Law", the monthly column "It's The Law" in "Progressive Architecture", and the book, "It's The Law". His magazine articles include "The Short Term Trust and Charitable Contributions" and "Western Hemisphere Trade Corporations" in "Taxes, the Tax Magazine".

---

### PANEL DISCUSSION "Project Programming and Translation"

Louis Geis, Moderator

LOUIS H. GEIS is a partner in the architectural firm of Geis-Hunter-Ramos of Kansas City. He attended the University of Nebraska where he received his B.S. Degree in Architecture. Mr. Geis also attended the Finley Engineering College where he received his B.S. Degree in Architectural Engineering.

#### Architect

Angus McCallum

ANGUS McCALLUM is a principle in the firm of Kivett, Myers & McCallum. He attended the Massachusetts Institute of Technology. Mr. McCallum was employed by several architectural firms before he opened his own practice in 1939. He joined the firm of Kivett & Myers in 1948 and became a principle in the firm in 1956.

#### Architect

Robert L. Fischer

ROBERT L. FISCHER is a principle in the firm of R.L. Fischer & Associates. A graduate of the Washington University School of Architecture, Mr. Fischer became a member of the faculty where he was an Instructor of Design and Director of City Plan Projects for the University. He is presently associated with Mr. Linnel B. Elam in his own practice.

#### Client

Dr. G. Dewey Smith

DR. G. DEWEY SMITH is the Assistant Superintendent of Buildings and Grounds of the Kansas City Board of Education. He attended the University of Kansas City where he received his Dr. of Education Degree.

#### Contractor

Don E. Sharp

DON E. SHARP is the president of Sharp Brothers Contracting firm. Mr. Sharp is on the Board of Directors, and the Labor Committee of the Associated General Contractors of America.

#### Jurist

Judge Bernard Tomson

January, April, July, October.
- 5) Copy Deadline:  
10th of Month, preceding.

WHO SPECIFIES YOUR MATERIALS?

# **PROFESSOR ROLAND W. BOCKHORST**

## **RECEIVES AWARD FROM WASHINGTON UNIVERSITY**

Professor Roland W. Bockhorst was one of eight faculty members of Washington University to receive the Alumni Federation Award last month. The honor was presented in recognition of his "inspiring teaching and attention to the welfare and academic status of his students".

The awards were presented as part of the Washington University Founders Day ceremonies at Graham Chapel. The day marked the school's 107th anniversary.

His many friends and associates know "Bock" as an architect who has devoted great effort to the welfare, education, and practice of the young architect.

He received a Bachelor of Architecture degree in 1929, and a Master of Architecture degree in 1934. In 1933, while doing graduate work, Bockhorst won the Steedman Fellowship and traveled to Japan, China, India, Egypt, the Holy Land, and Europe.

In 1937 he began teaching at Washington University, and became a professor of Architecture in 1954. In addition to his teaching schedule, he also served as assistant dean of the School of Architecture from 1946 to 1953.

He has served as chairman of the education committee of the St. Louis Chapter of the American Institute of Architects for several years, and is an active director of the Missouri Association of Registered Architects.

During his professional career in St. Louis he has held the offices of secretary, treasurer, and vice-president of the St. Louis Chapter, AIA.

He has been extremely interested in students welfare, and has advised and helped hundreds of people further their architectural careers.

## DATES OF ARCHITECTURAL EXAMINATIONS

Four-day written examinations for registration as an architect will be given by the State Board of Registration for Architects and Professional Engineers at Jefferson City, Missouri,

MONDAY THROUGH THURSDAY, SEPTEMBER 25-28, 1961

Examinations for enrollment as an architect-in-training will be given on the first two days only.

Applicants wishing to take the examination at that time should file applications before July 25, 1961.

The earlier an application is filed the better - early filing insures early processing.

Application blanks may be secured by writing to the Board at the address below.

No sample questions are available.

## Precast, Prestressed Haydite Concrete Structural Members

Prestressed lightweight Haydite Concrete double tee slabs make roof construction like this fast, durable and economical. Prestressing takes less concrete and less steel than conventionally reinforced concrete—yet it provides equal or greater strength. Precasting saves time by eliminating many jobsite operations and weather delays.

Other advantages are longer spans with fewer columns, more usable cubic footage, faster erection and low upkeep.

If you would like more information about Precast, Prestressed Haydite Concrete, call

**Here's  
why**

the move is to

**Mova-wall**  
**Movable Partitions**

- **Mova-wall is economical!** Simplicity of design and fewer parts make Mova-wall partitions cost less than most methods of dividing space!
- **Mova-wall is maneuverable!** Standard size panels may be cut and shaped on the job to meet any space requirements thus saving time and permitting changes in design.
- **Mova-wall is versatile!** Any color or finish is available; or partitions may be painted after installation to harmonize with existing color schemes!
- **Mova-wall is available!** Your local distributor carries a complete stock, therefore changes or additions can be made during installation or after! Mova-wall is distributed in all principal cities.
